Our mission is to provide good homes for abandoned and neglected animals. Our first step is to insure they are healthy by providing them with vaccines and spaying/neutering which costs us-minimally- \$300. We receive no funding from any private or government agency and depend solely donations which enable us to take in and prepare animals for adoption. Though we do not have a set fee, we would appreciate an adoption donation that will give another dog the same chance the dog you plan to adopt will have.
